ABOUT ME

"A passionate and versatile web developer with hands-on experience in HTML, CSS, JavaScript, PHP, and Python. Experienced in designing responsive, user-friendly websites, including projects like 'Kisan Yashogatha', providing detailed crop-related information to farmers, and 'Meals & Memories', a recipe hub featuring 15+ interactive recipes. Currently expanding knowledge in cloud computing to build scalable and efficient web solutions. Strong problem-solving skills, continuous learner of new technologies, and committed to delivering high-quality, impactful digital solutions."

PROJECT

Kisan Yashogatha

October25-ongoing

Developed a comprehensive web platform for farmers to access detailed crop-specific information, including growth duration, requirements, benefits, and images. Built using PHP, MySQL, HTML, CSS, and JavaScript, focusing on responsive design and user-friendly navigation.

Meals & Memory

november25-ongoing

Created an interactive recipe hub featuring 15+ recipes with step-by-step instructions and images. Implemented with HTML, CSS, JavaScript, and PHP, ensuring a responsive layout and engaging user experience.
